THE TIGER NURSERIES, INC.

BROOKHAVEN, SUFFOLK COUNTY, NEW YORK

Main Office—Beaver Dam Road

Lane from Beaver Dam Road to Nursery

New Office—Montauk Highway

Conditions of Sale

TERMS—Cash, security or satisfactory references required from unknown parties. A discount of two per cent (2%) is allowed on orders paid in full within 10 days or 1% for 30 days from date of invoice. 60 days net. Interest at six per cent (6%) per year will be charged on all accounts from due date. Orders for C. O. D. shipment must be accompanied by 20% of the amount.

PACKING—Free with orders accompanied with cash, otherwise a charge is made sufficient to cover the cost of materials only. Trees packed in bulk at no extra charge.

BALL & BURLAP—The prices quoted on Evergreens include the cost of balling and burlapping. On Deciduous Trees and Flowering Shrubs, the prices quoted are for bare roots. If these are required with ball and burlap, there will be an additional charge as follows:

| 2 | to | 3 | ft. | 15c | 5 | to | 6 ft. | 30c |
|---|----|---|-----|-----|---|----|-------|------|
| 3 | to | 4 | ft. | 20c | 6 | to | 8 ft. | 40c |
| 4 | to | 5 | ft. | 25c | 8 | to | 10 f | t50c |

An extra charge is made where platforms are required.

COMPLAINTS—Should there be any reason for complaint, we must be notified on receipt of goods, otherwise we cannot entertain it.

DELIVERY—We charge for delivery of stock, based on the size of truck required and the distance.

ORDERS—Are accepted on condition that they shall be void should any injury befall the stock from frost, or other causes over which we have no control.

the greatest care to have all our trees and plants genuine and reliable, and hold ourselves prepared to replace on proper proof, all trees that prove untrue, we do not give any warranty, express or implied; in case of any error on our part it is mutually agreed between the purchaser and ourselves that we should not at any time be held responsible for a greater amount than the original price of the stock.

We guarantee all our stock to be in good condition on leaving our hands, but we do not guarantee it to grow under all conditions, nor do we make up any loss whatever due to climate effects or after culture.

Evergreens

Evergreen Shrubs

No home grounds are complete without Evergreens. The following varieties have all been grown under ideal conditions. Their rich dark green foliage forms a pleasing contrast with that of the flowering shrubs and trees. All evergreens are dug with a ball of earth and burlapped. Evergreens do not lose their foliage in Winter.

Deciduous, Ornamental and Shade Trees

Nothing you can do improves the home grounds as do shade trees. The cost now is but a fraction of what they will be worth after a few years, with normal growth. Our list comprises all the varieties that have proven best for this section.

Deciduous Shrubs

The most effective and picturesque plantings are obtained by massing. The Flowering Shrubs, by no means, should be entirely omitted from the landscape. The following list not only contains the old-fashioned plants, but a great many new ones which are not generally known. We have mentioned the season each shrub flowers, so that a careful selection will give you flowers from early Spring to late Fall. None of these plants are in storage, but will be fresh dug to fill your order.

| | Dag. | 2 2 4 4 2 7 |

Granulated Peat Moss

This important product, consisting of decayed vegetation which has been accumulating for many years along certain European lakes, has been found to be very important as a soil conditioner. It improves the texture, conserves moisture and aerates the soil. Used as a mulch for broad-leaved evergreens, such as Rhododendrons, Boxwood and Azaleas, as well as the coniferous sorts, it cannot be excelled. Large bales about 13 cubic feet cover 240 square feet, 1 inch deep.
